Damage from 1907 Riots

What really happened on September 7, 1907?
What was the Bellingham Riot?
How did communities react in the face of violence?
What has changed 100 years later and what do we mean by terms such as 'Asian Canadian' or TransPacific Canada?
Engage leading-edge researchers as they report on these and other topics.

Registration on site. No registration fee.
Participants are encouraged to purchase tickets for the Reconciliation Dinner that evening (\$50 or \$25 low income). Tickets available at the conference registration table.

Sponsors: Simon Fraser University, University of British Columbia, University of Victoria, Anniversaries of Change Network
